STEREO MODE

CHARGING

Connect to computer or USB 5v 1A (or less) output device.

Note: The headset can simultaneously charge while Bluetooth is connected.

AUX INPUT

Can be used as a wired headset with AUX cable.

Note: The headset can simultaneously charge while Bluetooth is connected.

CAUTION ⚠

Avoid getting moisture or liquids on the headphone cups.

Avoid extreme heat, cold, and humidity.

Avoid dropping or crushing headphones, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.

Wax may build up in headphone cups, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.

If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.

If you experience regular discomfort while using this product, discontinue use and consult your physician.

We recommend you treat your headphones as you would a nice pair of sunglasses and keep them in safe location when not in use.
